

## JOIN THE POWERFUL GLOBAL MOVEMENT EMPOWERING WOMEN TO END HUNGER

Our goal is to raise \$200,000 reaching 160,000 women to end hunger and poverty in their communities.

We do this through:

give mothers and babies access to quality healthcare and nutrition

**ENDING CHILD MARRIAGE** 

keep girls in school so they can reach their full potential

## **MICROFINANCE**

give women access to microfinance loans and financial literacy training so they can start a business and be financially independent

The movement was created to unleash the potential of Australian women to make a difference in the world.
