JOIN THE POWERFUL GLOBAL MOVEMENT EMPOWERING WOMEN TO END HUNGER

Our goal is to raise $200,000 reaching 160,000 women to end hunger and poverty in their communities.

We do this through:

MATERNAL AND CHILD HEALTH

give mothers and babies access to quality healthcare and nutrition

ENDING CHILD MARRIAGE

keep girls in school so they can reach their full potential

MICROFINANCE

give women access to microfinance loans and financial literacy training so they can start a business and be financially independent

The movement was created to unleash the potential of Australian women to make a difference in the world.
