JOIN THE POWERFUL GLOBAL MOVEMENT EMPOWERING WOMEN TO END HUNGER

Our goal is to raise **\$200,000** reaching
160,000 women to end hunger and
poverty in their communities.

We do this through:

MATERNAL AND CHILD HEALTH

give mothers and babies access to
quality healthcare and nutrition

ENDING CHILD MARRIAGE

keep girls in school so they can
reach their full potential

MICROFINANCE

give women access to microfinance loans and
financial literacy training so they can start a business
and be financially independent

The movement was created to unleash the potential
of Australian women to make a difference in the world.
